*Event Wizard 5.0 uses a credit based system. When you purchase credits you can apply them to everything from Registrations to Name Badges. Your credits never expire and do not change value based on international currencies. 100 Credits = \$1.00

A La Carte Fees

Not everyone requires all of the functionality Event Wizard offers, so we created A La Carte Fees which can be added on to any registration site you create.

A La Carte Fees are:

1. Session capacities on radio buttons, checkboxes, and drop down lists
2. Fee item capacities
3. Capacity management on discount codes
4. Unlimited fee items (5 is standard)
5. Automatic price increases based on a date
6. Unlimited number of discount codes (5 is standard)

Each item is \$0.50 to a maximum of \$4.25 for corporate accounts & associations, and \$3.25 for registered charities & personal accounts. Basically, add three get the rest free!

Service Fee

When enabled, the service fee is a charge of \$4.75 that appears on your registration form and is passed on to your registrants, much like a service fee on a concert or airline ticket. The service fee will cover 100% of your standard per registrant fee and can be applied to any event where you are charging a fee. Free events are not eligible. When using this feature you must process your registrants fees through the DotCom Your Event payment gateway. Regular payment gateway fees apply.
