

Event Registration Software Simplified.

We created Event Wizard so you can build beautiful and functional event registration forms. Forms that also provide you with the essential reporting and tools you need to run a successful event. We've been doing this since 2001, which means you're in good hands.

Get More Registrations

Easily design an online registration form that will increase your registrations and lessen your work load.

Keep Your Budget in Check

Event Wizard is the most cost effective and feature rich event registration software available. You only pay for the features you require.

Don't Pay Us a Penny

Use our service fee feature to pass on 100% of your event registration cost to your registrants.

(*Must use the DotCom Your Event payment gateway)

Feel Warm & Fuzzy

Our tech support team is ready when you need us and we write lots of help articles to assist you as you create and manage your online registration.

Attract Some International Flavour

Create an event in any language and post your event fees in any currency – Ooh la la!

Stay in the Know

Using our industry best event reporting tools you're always aware of how your registration process is going.

Make it Your Own

Our theme builder lets you create registration forms and websites that match your website and brand standards, easily.

Event Wizard has been a vital part of the success of the seminars from their inception, providing excellent design, performance and usability for the more than 2000 registrants so far. They have been responsive to changes along the way, available by phone and email for questions, clarifications and tweaks. Wonderful service!

Cochlear Americas Hearing Health Seminar Team

Since implementing Event Wizard we have realized a tremendous amount of time and cost savings. Our councils are rapidly adopting the software and have found it easy to learn and manage. What's more, we know we can rely on DotCom Your Event's quick response when assistance with anything is needed.
